Customer has been informed of the following requirements regarding equipment left on the job site.

1. The equipment should be left operating at all times. Do not move equipment unless you contact the CEILINGPRO office regarding handling procedures. Turning equipment off will increase time required to dry structure and contents and may cause damage.
2. A water-damaged dwelling should have a temperature setting between 68 to 80 degrees to create ideal drying conditions. Leaving windows or doors open during dehumidification may increase drying time and damage structure and/or contents.
3. Should customer have any problems with the equipment, shut it off immediately and call our office at _____ as soon as possible.
4. Customer is responsible for damage to, and/or loss of, this equipment while it is in customer's care and custody, including but not limited to loss caused by theft, vandalism or disappearance.
5. It is the customer's responsibility to allow CEILINGPRO personnel access to customer's location to check on and pick up the equipment.
6. The above equipment may be picked up between the hrs of _____ a.m. & _____ p.m. Monday through Friday excluding holidays.
7. The equipment will be connected to the electrical system in customer's dwelling/structure. Customer warrants the integrity and safety of the electrical system in the dwelling/structure. It shall be the customer's responsibility to have the electrical system inspected and serviced by a qualified electrician if necessary.
8. The customer agrees to hold CEILINGPRO harmless and indemnify it from any and all claims, including costs, expenses and attorney's fees, resulting from the improper use of the equipment by the customer and/or any defects in the electrical system or plumbing system in customer's dwelling/structure.
